

3rd Edition of the Global Conference on **Gynecology and Women's Health**

**27-29
OCTOBER
2025**

Our Scientific Committee

MARLEN SULAMANIDZE
Total Charm Clinic, Georgia

NICOLETTA DI SIMONE
Humanitas University Milan, Italy

MOHAMED HOSNI
London North West University
Hospitals, United Kingdom

GEORGE K CREATSAS
University of Athens, Greece

PRAVIN MHATRE
G S Medical college KEM, India

Scientific TOPICS

- General Gynecology and Reproductive Health
- Obstetrics: Prenatal, Perinatal & Postnatal Care
- Gynecologic Oncology: Screening, Diagnosis & Treatment
- Urogynecology and Pelvic Floor Disorders
- Menstrual Disorders
- PCOS and Ovulatory Disorders
- Chronic Pain and Endometriosis Management
- Mental Health in Women: Perinatal, Postpartum & Menopause
- Lifestyle Medicine: Diet, Fitness, and Women's Health
- Fertility and Reproductive Medicine
- Pregnancy, Maternal & Fetal Health
- Male and Female Infertility: Joint Perspectives
- Recurrent Pregnancy Loss and Implantation Failures
- Assisted Reproductive Technologies (ART) & IVF
- Family Planning and Contraceptive Technologies

Phone: +1 (702) 988 2320 | **WhatsApp:** +1 (540) 709 1879

VENUE

Orlando, Florida, USA

Marlen Sulamanidze, Total Charm Clinic, Georgia

Title: Application of thread technology in aesthetic and functional gynecology

Woojin Chong, NYU Langone Medical Center, United States

Title: Understanding pelvic organ prolapse

Mohamed M Hosni, London North West University Healthcare NHS Trust, United Kingdom

Title: Role of artificial intelligence in the diagnosis and management of endometriosis. The prospect of the future

Nicoletta Di Simone, Humanitas University Milan, Italy

Title: Male factors in recurrent pregnancy loss

Irene Eirini Orfanoudaki, University Hospital, Heraklion, Greece

Title: Pulmonary embolism in pregnancy

Sangeetha Shah, Govenment Medical College, India

Title: Efficacy of full piers calculator in predicting adverse maternal outcomes in preeclampsia at a tertiary care hospital in South India

Vijay Prabha, Panjab University, India

Title: Vaginal colonization by uropathogenic microorganisms: A key contributor to reproductive failure in mice

Pravin Mhatre, G S Medical college KEM, India

Title: New horizon ovarian transplant and novel vaginoplasty

Carrie Eutizi, Arizona Coalition to End Sexual & Domestic Violence, United States

Title: Recognizing and supporting survivors: The role of Gynecologists in addressing the physical and emotional impact of sexual assault

Anna D Ware, Palo Alto VA Healthcare, United States

Title: National assessment on the frequency of pain medication prescribed for intrauterine device insertion procedures within the veterans affairs health care system

Jennifer Hintzsche, PherDal Fertility Science, Inc, United States

Title: Breaking down barriers to reproductive healthcare

Lucie Bryant, Season of Hope Corporation, United States

Title: Enhancing maternal and newborn health through trauma-informed and midwifery care

Samantha Hsu, University of Central Florida College of Medicine, United States

Title: Investigation of OAS1, OAS3, and other differentially expressed genes in cervical cancer

Lauren V Cervantes, University of Central Florida College of Medicine, United States

Title: Meta-analysis of differentially expressed genes in PCOS

Andie Blankenstein, Central Michigan University, United States

Title: Comparing the efficacy of levonorgestrel intrauterine device and oral levonorgestrel for emergency contraception: A systematic review and meta-analysis

Rushin S Shah, University of Tennessee Health Science Center, United States

Title: Strategic approach to diagnosis and management of abdominal wall endometriomas: A case series

Ke Zhang, Massachusetts General Hospital/ Harvard Medical School, United States

Title: Spatial multiomic landscape of the human placenta at molecular resolution

Jessica Liu, Central Michigan University College of Medicine, United States

Title: Patterns of maternal and infant healthcare utilization following prenatal substance use

Deirdre Mc Grath, Queen's University Belfast, United Kingdom

Title: Exercise intervention for women following chemotherapy for ovarian cancer

Asteray Assmie Ayenew, Monash University, Australia

Title: Exploring Female Genital Mutilation/Cutting (FGM/C): The practise and impacts, its medicalisation, healthcare provision and elimination strategies from expert and reproductive age women's perspectives

Saira Iqbal, Wollongong Hospital, Australia

Title: Sepsis due to infected necrotic fibroid after uterine artery embolization: A rare but serious complication

Okonta Rosemary Theresa, Gomel State Medical University, Germany

Title: Navigating women's health: challenges, solutions and beyond

Mahrukh Mumtaz, HSE, RCPI, Ireland

Title: An audit of timelines for women presenting to outpatient hysteroscopy services with postmenopausal bleeding

Janaina Cristiana de Oliveira Crispim, Federal University of Rio Grande do Norte, Natal, RN, Brazil

Title 1: High-risk HPV DNA testing in self-collected vaginal samples compared to cytological screening for cervical cancer detection: A Brazilian multicenter study

Title 2: Effect of an anti-inflammatory diet on dietary inflammatory index and immune-inflammatory biomarkers in patients with endometriosis: A cohort study

Ekaterina Orekhova, South Ural State Medical University, Russian Federation

Title: Ultrasound diagnosis of ACUM: A case study based on personal observations

Haluk Kelestimur, Istanbul Okan University, Turkey

Title: Asprosin ameliorates paroxetine-induced sexual dysfunction in the male rats

Igor Jeremic, HPV Diagnostic Center, Serbia

Title: Genital warts in pregnancy diagnosis and treatment the most common cause of laryngeal paillomatosis in children under 10 years old

Yeming Wang, Tianjin First Central Hospital, China

Title: Changing structure of the surgical neck of humerus in Chinese postmenopausal women

Sha A Dai Ti Wu Fu Er, First Affiliated Hospital of Xinjiang Medical University , China

Title 1: The application prospect of radiofrequency ablation in the treatment of uterine adenomyosis - A new trend in the treatment of adenomyosis

Title 2: The establishment of an ideal animal model of POP and the mechanism of action of POP-related extracellular matrix proteins on the occurrence, development and reversal of POP

Tenghua Yu, Jiangxi Cancer Hospital & Institute, China

Title: GPER-driven crosstalk in breast cancer: Bridging drugs resistance and tumor microenvironment remodeling

Huiyu Xu, Peking University Third Hospital, China

Title 1: Streamlining PCOS identification: A user-friendly AI tool for early screening

Title 2: Empowering early intervention: AI-based ovarian reserve screening and menopause prediction via OvaRePred

Joylene Diana Dalmeida, Father Muller Hospital, India

Title: Transforming women's health: The vital role of nutrition and lifestyle in preventing gynecological challenges

Saumya Pandey, Indira-IVF Hospital, India

Title: Impact of Matrix Metalloproteinase [MMP]-2 (2735C>T) and Tissue Inhibitor of Metalloproteinase [TIMP]-2 (2418G>C) gene polymorphisms with human papillomavirus-mediated cervical cancer: Emerging trends in gynecologic oncology

Lakshmi Rachakonda, MGM Medical College, India

Title: Complications of preeclampsia: A perspective from developing country

Vikash Kumar Rai, AIIMS, Kalyani, India

Title: Prevalence of anxiety and associated factor among infertile couples in Eastern India: A cross-sectional study

Dhruvi S Patel, Smt. NHL Municipal Medical College, India

Title: Intravenous leiomyomatosis with right heart extension: Approach to diagnosis and treatment

Ana Kristina M Gloda, Makati Medical Center, Philippines

Title: Cervical adenomyoma in the Philippines: A rare case

Asem Anwar Moussa, Alazhar School of Medicine, Egypt

Title 1: Clitoral augmentation by PRP and mono PDO threads to improve female sexuality

Title 2: The impact of localized liposuction versus injectable lipolysis of anterior abdominal wall on the improvement of pregnancy rate in obese PCOS patients

Muhammad Naveed Ashraf, University of Sialkot, Pakistan

Title: Demystifying the role of gender-sensitive healthcare in African healing practices

Kehila Mehdi, Eve Fertility Center Sousse, Tunisia

Title: Does an administration of a single dose of magnisium and bromazepam the day of embryo transfer improve inplimantation rate? Results of a randomized controlled blinded study

Oral Presentations

Moufiq abdulrasoul Hasan Aboulqassim, Abdullah Thafer Hospital, Libyan Arab Jamahiriya

Title: Transforming ovarian cancer care: AI innovations in early detection, overcoming challenges, enhancing patient safety, and promoting health equity

Atiya Kareem Mohammed, University of Sulaimani, Iraq

Title: Breastfeeding influence on vaginal bleeding in late labor: A comparative study

Mansoreh Eshghparast, Shahid Beheshti University, Iran (Islamic Republic of)

Title: A case report on the effectiveness of lifestyle modification in the treatment of infertility in a 43-year-old woman with AMH: 0.8 with a history of two negative transfers, once with her own embryo and once with a donated egg

Zahra Ghasemi, Shahid Beheshti University of Medical Sciences, Iran (Islamic Republic of)

Title: Health-related quality of life among Iranian women with Uterine Fibroids: A cross sectional study

Nona Sabeti, Mashhad University of Medical Sciences, Iran (Islamic Republic of)

Title: Evaluation the relationship between the type and severity of pain, and the anti mullerian hormone with the endometriosis stage

Vahid Goodarzi, Iran University of Medical Sciences, Iran (Islamic Republic of)

Title: Evaluation of Long Non-Coding RNA (LncRNA) involved in chemotherapy resistance in cervical cancer: Molecular approach

Pantea Khalili, Iran University of Medical Sciences, Iran (Islamic Republic of)

Title: Risk factors of osteoporosis and osteopenia in postmenopausal women based on femur BMD T-Score

Getachew Ahmed Endire, Wollo University, Ethiopia

Title: Comparison of pregnancy outcomes after repeat cesarean delivery versus trial of labor following a single lower uterine segment cesarean section at term in three teaching hospitals in addis ababa, ethiopia: A prospective cohort study

Oral Presentation slots are still Open!!

Poster Presentations

Swati Kumari, BronxCare Hospital, United States

Title: Comparing in-person and phone translation services for spanish-speaking patients

Salma Moustafa, BronxCare Health System, United States

Title 1: A rare case of uterine embryonal rhabdomyosarcoma in an old patient

Title 2: Surgical management of endometriosis in a community hospital of a low socioeconomic area

Cristina Cardenas, BronxCare Health System, United States

Title: Delivery modalities and challenges in cerebral palsy patients: A case study

Margot Debrabandere, Stamford Hospital, United States

Title: Immediate postpartum long-acting reversible contraception use and short-interval pregnancy, a community hospital perspective

Samantha Palmer, Baylor University, United States

Title: The role of telehealth in postpartum depression screening

Kaan Sevgi, Kansas City University, United States

Title: Pelvic fractures in pregnancy: Multidisciplinary management and outcomes

Kharmen A Bharucha, University of Wisconsin, United States

Title: Vaginoscopic resection of an obstructed right hemivagina in OHVIRA syndrome

Manahil R Shaikh, Wayne State University School of Medicine, United States

Title: Differences in predicted survival of extremely preterm neonates: A descriptive abstract comparing survival and outcome probabilities based on estimated fetal weight and actual birth weight

Catherine Crow, Central Michigan University, United States

Title: Examining the relationship between substance use during pregnancy and mode of delivery: Potential variations by substance used

Saarah K Sherifi, The University of Central Florida College of Medicine, United States

Title: Demographic characteristics of women with uterine leiomyomas: A comparative analysis of the all of us research program participants

Janaye Dews, University of Texas Medical Branch, United States

Title: Cervical Cancer Screening Awareness Among Female Patients at St. Vincent's Clinic

Sekinat Olaboopo, Avalon University School of Medicine, United States

Title: From dysmenorrhea to infertility: The symptom spectrum of endometriosis - A case series

Amber Khemlani, SUNY Downstate College of Medicine, United States

Title: Comparing the accuracy of Large Language Models (LLM) in trending obstetrical topics

Sophia Fraga, University of Michigan Medical School, United States

Title: Investigating patients' knowledge of clinical breast examinations

Harshita Nadella, UNC Southeastern Medical Center, United States

Title: Postpartum pubic symphysis diastasis: A case report

Penny Blesch, Fertility Coalition of British Columbia, Vancouver, BC, Canada

Title: Advancing fertility care equity in British Columbia: A values-aligned leadership approach to public IVF funding policy

Saira Iqbal, Wollongong Hospital, Australia

Title: Acute HSV-1 vulvitis with sepsis in a young woman with uncontrolled type 1 diabetes: A multidisciplinary case report

Giovanna Cristina De Castro Martin, Faculdade Santa Marcelina, Brazil

Title: Bilateral corona mortis: Case report and implications in urogynecological surgeries

Ryoko Oe, Shiga University of Medical Science, Japan

Title: Breastfeeding in pregnancies complicated by mental illness

Yumiko Tateoka, Shiga University of Medical Science, Japan

Title: Assessment of midwives' knowledge of instructions and considerations for breastfeeding and co-sleeping

Adhya Miriam Tom, Gulf Medical University, Ajman, UAE, United Arab Emirates

Title: Maternal trends and outcomes in instrument assisted vaginal deliveries: A retrospective study

Sallwa Meshbeb Alshehre, Umm Al Qura University, Saudi Arabia

Title: Bioinformatics role in understanding reproductive disease and assisted reproductive treatment

Jian Huang, Affiliated Hospital of Guangdong Medical University, China

Title: The expanding spectrum of GREB1 Fusions in UTROSCT: A clinicopathological and molecular analysis of four cases, Including a novel GREB1-SS18 variant

Shaina Kamboj, Dayanand Medical College, India

Title: Impact of point of care truenat HPV DNA for early detection of cervical cancer

Sujata Bhardwaj, Indus International Hospital, India

Title: Conservative management of single fetal death in a twin pregnancy

Ma Catherine Grace Reyes, University of Santo Tomas Hospital, Philippines

Title: First trimester placenta accreta with myoma in a nullipara: A case report

Al Jazarie Umpa Masacal, Amai Pakpak Medical Center, Philippines

Title: Knowledge of gestational diabetes mellitus among pregnant women in a tertiary hospital in marawi city lanao del sur

Sheba Rae P Reotro, Chong Hua Hospital Mandaue, Philippines

Title: Factors influencing the decision making on the mode of delivery in pregnant women after one previous cesarean delivery: Basis for development of counselling checklist

Martha Emil Adly, Assiut University, Egypt

Title: Anatomical and embryological basis of pelvic organ prolapse: An integrative perspective

Eiman Shahrour, Tishreen University, Syrian Arab Republic

Title: Genetic association between symptoms of mild Osteogenesis Imperfecta(OI) and postmenopausal osteoporosis

Getachew Ahmed Endire, Wollo University, Ethiopia

Title: Spontaneous heterotopic pregnancy: A case report

Poster Presentation slots are still Open!!
